ENABLING INNOVATION AT THE **SPEED OF LIFE**

## Certificate in Appreciative Coaching

### APPRECIATIVE COACHING

Our Appreciative Coaching and Training is based on the **Appreciative Way**, Rob and Kim Voyle's synthesis of:

- ◆ The practice and philosophy of Appreciative Inquiry
- ◆ The work of Milton Erickson and his students
- ◆ Compassion as the agent of transformation

This synthesis results in a model of coaching that is:

#### **Incarnational**

We join Clients in their world and journey with them to their future, rather than drag them into the Coach's world.

#### **Compassionate**

We use the three archetypal energies of compassion: tenderness, fierceness, and playfulness, to care for, challenge, and liberate Clients into their future.

#### **Future Oriented**

We help Clients establish positive goals and discover the resources they need to create their preferred future.

#### **Lived in the Present**

While future oriented the path to the future is found by living fully in this present moment.

#### **Informed by the Past**

A Client's history is a treasure trove of resources that they can use to positively inform their present and inspire their future.

#### **Strengths and Solution Focused**

We help Client's grow their signature strengths and seek solutions to problems rather than focus on causes of failures.

#### **Values Based**

We help Client's discover and integrate their personal values into how they live and work so they can live with integrity.

#### **Purpose Centered**

We believe people were created for a purpose and have all the resources they need to fulfill their purpose.

#### **Ecological and Just**

We ensure that a Client's goals are sustainable, both internally with respect to their own personality and externally with respect to their physical, social and spiritual environments.

#### **Love Inspired**

We believe that at the heart of the universe is a Heart of Love that is the Source of our existence and embraces both Coach and Client gracefully without condition. Growing in living and liberally sharing this love with ourselves and others is the fruit of Appreciative Coaching.
